Independent Auditor's Report

To the Board of Education of
Oelwein Community School District:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Oelwein Community School District, Oelwein, Iowa, as of and for the year ended June 30, 2008, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of District officials. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the Oelwein Community School District as of June 30, 2008, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our reports dated December 15, 2008 on our consideration of the Oelwein Community School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and budgetary comparison information on pages 7 through 17 and 46 through 48 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which

consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. We did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Oelwein Community School District's basic financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the three years ended June 30, 2007 (which are not presented herein) and expressed unqualified opinions on those financial statements. Other supplementary information included in Schedules 1 through 5, including the Schedule of Expenditures of Federal Awards required by U.S. Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments and Non-Profit Organizations, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Oelwein Community School District
Management Discussion and Analysis

Management Discussion and Analysis

Oelwein Community School District provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2008. We encourage readers to consider this information in conjunction with the District's financial statements, which follow.

Financial Highlights

- The District lowered its tax levy rate from \$15.95 (per thousand of taxable valuation) in fiscal year 07 to \$15.74 for fiscal year 08. This was due in part to a reduction in the management fund levy.
- General Fund revenues increased from \$12,357,569 in fiscal year 2007 to \$12,639,380 in fiscal year 2008, while General Fund expenditures increased from \$12,162,702 in fiscal 2007 to \$12,666,917 in fiscal year 2008.
- The Oelwein School Board passed a continuation of the Instructional Support Program Levy on September 17, 2007. The District will levy 7% of the Regular Program District Cost by a mix of 40% Property Tax and 60% Income Tax for five years effective July 1, 2008. Funding received from the ISL provides resources to support Technology, Curriculum, Textbooks, Professional Development, and a variety of educational programs and opportunities for students.
- The District issued Qualified Zone Academy Bonds on November 15, 2007. Funds from these zero interest bonds were used to complete a geothermal retrofit at Wings Park Elementary. The geothermal system provides comfort for students and staff as well as utility efficiency and economy for the District budget.
- During 2007/2008 the District, in a cooperative endeavor with Northeast Iowa Community College and Greater Oelwein Economic Development, constructed a new Regional Academy for Math and Science. Classes are scheduled to begin Fall 2008.
- The District's solvency ratio based on the unreserved fund balance divided by total general fund revenues was 11% on June 30, 2008.

Overview of the Financial Statements

This annual report consists of three parts: management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the district:

- The first two statements are *district-wide financial statements* that provide both *short-term* and *long-term* information about the District's *overall* financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the District, reporting the District's operations in *more detail* than the District-wide statements.
- The *governmental funds statements* tell how basic services such as regular and special education were financed in the *short term* as well as what remains for future spending.
- *Proprietary funds statements* offer *short- and long-term* financial information about the activities the District operates *like businesses*, such as food services.
- *Fiduciary funds statements* provide information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of others.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of the District's budget for the year. Figure A-1 shows how the various parts of this annual report are arranged and related to one another.

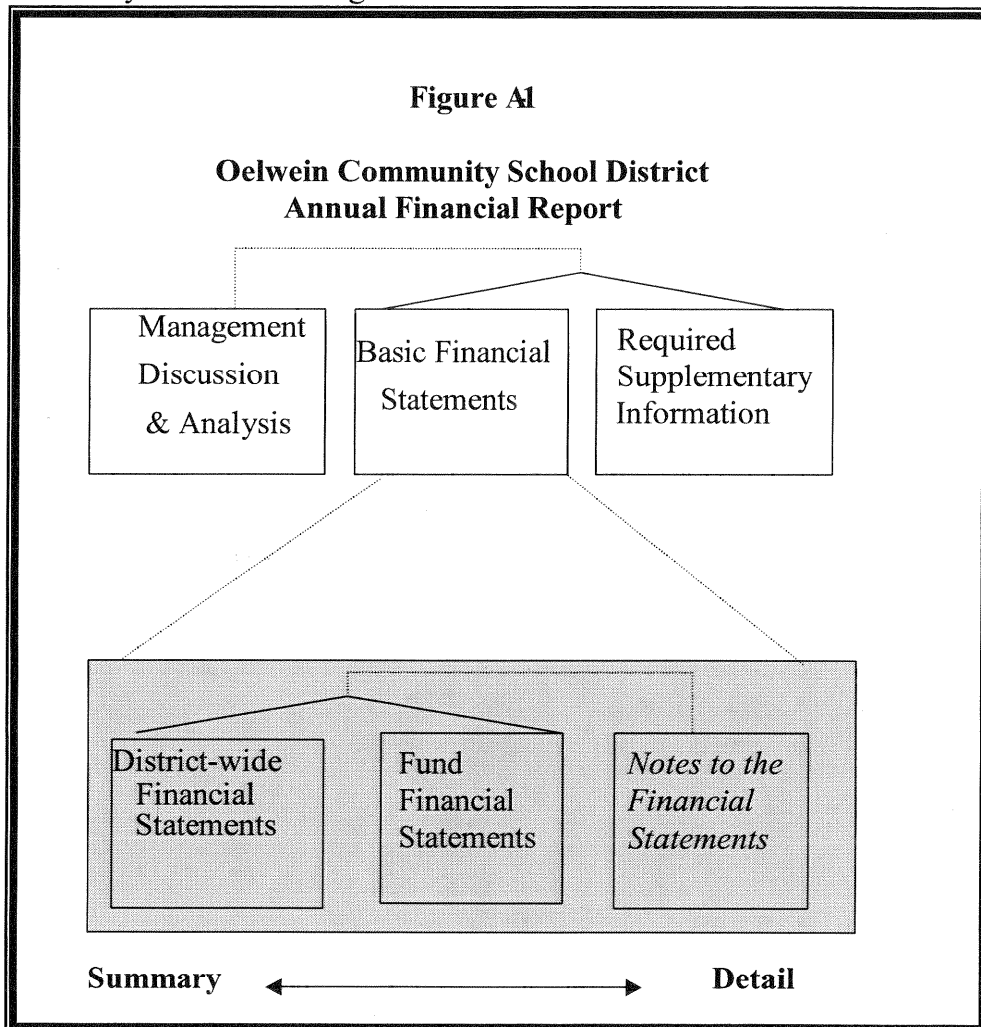

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis highlights the structure and contents of each of the statements.

Figure A-2: Major Features of the District-Wide and Fund Financial Statements				
	District-wide Statements	Fund Financial Statements		
		Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	Entire district (except fiduciary funds)	The activities of the district that are not proprietary or fiduciary, such as special education and building maintenance	Activities the district operates similar to private businesses: food services is included here	Instances in which the district administers resources on behalf of someone else, such as scholarship programs and student activities monies
Required financial statements	<ul style="list-style-type: none"> • Statement of net assets • Statement of activities 	<ul style="list-style-type: none"> • Balance sheet • Statement of revenues, expenditures, and changes in fund balances 	<ul style="list-style-type: none"> • Statement of net assets • Statement of cash flows 	<ul style="list-style-type: none"> • Statement of fiduciary net assets • Statement of changes in fiduciary net assets
Accounting Basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term	Generally assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short-term and long-term; funds do not currently contain capital assets, although they can
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable	All revenues and expenses during the year, regardless of when cash is received or paid	All additions and deductions during the year, regardless of when cash is received or paid

District-wide Financial Statements

The District-wide statements report information about the district as a whole using accounting methods similar to those used by private sector companies. The statement of net assets includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two District-wide statements report the District's *net assets* and how they have changed. Net assets – the difference between the District's assets and liabilities – is one way to measure the District's financial health or position.

- Over time, increases or decreases in the District's net assets are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the District's overall health, you need to consider additional non-financial factors such as changes in the District's property tax base and the condition of school building and other facilities.

In the District-wide financial statements, the District's activities are divided into two categories:

- *Governmental activities:* Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property taxes and state aid finance most of these activities.
- *Business-type activities:* The District charges fees to help it cover the costs of certain services it provides. The District's food service program would be included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds – not the district as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs.

- Some funds are required by state law and by bond covenants.
- The District establishes other funds to control and manage money for particular purposes, (such as repaying its long-term debts) or to show that it is properly using certain revenues (such as federal grants).

The District has three kinds of funds:

- *Governmental funds:* Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the District-wide statements, additional information at the bottom of the governmental funds statements explains the relationship (or differences) between them.

- *Proprietary funds*: Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the District-wide statements. The District's *enterprise funds* (one type of proprietary fund) are the same as its business-type activities but provide more detail and additional information, such as cash flows. *Internal service funds*, (the other kind of proprietary fund) are optional and available to report activities that provide supplies and services for other District programs and activities. At this time the District chooses not to use any internal service funds.
- *Fiduciary funds*: The District is the trustee, or *fiduciary*, for assets that belong to others, such as a scholarship fund. The District accounts for outside donations to specific District schools for specific purposes in this fund. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the District-wide financial statements because it cannot use these assets to finance its operations.

Financial Analysis of the District as a Whole

Net assets. Figure A-3 below provides a summary of the District's net assets for the year ended June 30, 2007 and June 30, 2008.

Figure A-3

Condensed Statement of Net Assets (in thousands of dollars)

	Governmental Activities		Business-type Activities		Total School District	
	<u>2007</u>	<u>2008</u>	<u>2007</u>	<u>2008</u>	<u>2007</u>	<u>2008</u>
Current and other assets	8,815	9,486	124	106	8,939	9,592
Capital assets	10,985	11,731	50	44	11,035	11,775

Long-term debt outstanding	3,241	3,590	-	-	3,241	3,590
Other liabilities	5,072	5,398	4	-	5,076	5,398
Total liabilities	8,313	8,988	4	-	8,317	8,988
Net assets						
Invested in capital assets, net of related debt	7,705	8,107	50	45	7,754	8,152
Restricted	2,210	2,702	-	-	2,213	2,702
Unrestricted	1,572	1,419	119	105	1,689	1,524
Total net assets	11,487	12,228	169	150	11,656	12,656

Note: totals may not add due to rounding.

General Fund revenues increased in FY 2008 over FY 2007. State foundation formula aid increased due to 4% allowable growth. (Figure A-4)

Total General Fund categories increased expenditures from \$12,162,702 in FY 07 to \$12,666,917 FY 08. Instruction percentage was 69% (Figure A-5)

Figure A-6 presents the cost of six major district activities: instruction, pupil and instructional services, administration and business, maintenance and operations, transportation, and other as compared to FY 2007 costs. The table also shows each activity's *net cost* (total cost less fees generated by the activities and intergovernmental aid provided for specific programs). The net cost shows the financial burden placed on the District's taxpayers by each of these functions.

Figure A-6
Net Cost of Governmental Activities

	Total Cost of Services <u>2007</u>	Total Cost Of Services <u>2008</u>
Instruction	9,670,056	10,139,082
Pupil & Instructional Services	534,242	612,979
Administrative & Business	1,297,704	1,383,632
Maintenance & operations	1,075,856	1,160,491
Transportation	484,212	410,446
Other	647,773	689,914
Total	13,709,843	14,396,544

Note: totals may not add due to rounding.

- The cost of all governmental activities this year was \$14,396,544.
- The users of the District's programs financed some of the cost.
- The Federal government subsidized certain programs with grants and contributions of \$667,015. The non-federal portion of governmental activities was financed with property tax, state aid based on the statewide finance formula and the remainder with state grants, contributions, tuitions and other revenues.
- Most of the District's costs, however, were financed by District and state taxpayers.

Business-Type Activities

Revenues of the District's business-type activities were \$638,690 and expenses were \$658,244. Revenues of these activities were comprised of charges for service, federal and state reimbursements and investment income.

Financial Analysis of the District's Funds

As previously noted, the Oelwein Community Schools uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The financial performance of the District as a whole is reflected in its governmental funds as well. As the District completed the year, its governmental funds reported combined fund balances of \$4,121,624 an increase over last year's ending fund balances of \$3,782,363. The majority of the combined fund balance increase was in the Capital Projects Fund.

Governmental Fund Highlights

The District's decreasing General Fund financial position is the product of many factors. Both revenues and expenses increased over the previous year, however, the District's General Fund expenses exceeded revenues which resulted in a decrease in the General Fund balance from \$1,570,259 to \$1,418,672.

The Capital Projects Fund balance increased due to an increase in the local option sales tax revenues received, the District ended fiscal 2008 with a balance of \$1,878,846 compared to a fiscal 2007 balance of \$1,046,539. Half of these revenues are spent to pay down existing debt with the other half committed to the repayment of the revenue bonds.

Proprietary Fund Highlights

The School Nutrition Fund net assets decreased from \$169,180 at June 30, 2007, to \$149,626 representing a decrease of \$19,554. The district implemented a food service price increase in January 2008.

Budgetary Highlights

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds, except its private-purpose trust fund. Although the budget document presents functional area expenditures or expenses by fund, the legal level of control is at the aggregated functional level, not at the fund or fund type level. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is now prepared on an accrual basis. A schedule showing the original amounts compared to the District's actual financial activity is included in the required supplementary information section of this report.

Legal Budgetary Highlights

The District's total actual receipts were less than the total budgeted receipts. The most significant change resulted from the District accounting for funds received for the Regional Academy for Math and Science. It was anticipated that donations received would be recorded as revenue, in fact, funds were netted against expenditures in the Capital Projects Fund.

Total expenditures were less than budgeted due primarily to the District's budget for the Capital Projects Fund as noted above for the Regional Academy and for the amount budgeted for the General Fund. It is the District's practice to budget expenditures at the maximum authorized spending authority for the General Fund. The District then manages or controls General Fund spending through its line-item budget. As a result, the District's certified budget should not exceed the actual expenditures during the year. District expenditures did not exceed the certified budget.

Capital Asset and Debt Administration

Capital Assets

By the end of fiscal 2008, the District had invested in a broad range of assets, including school buildings, athletic facilities, computer and audio-visual equipment, and administrative offices. (See Figure A-7) Total depreciation expense for the year was \$524,113.

Figure A-7
Capital Assets (net of depreciation, in thousands of dollars)

	Governmental Activities		Business-type Activities		Total School District	
	2007	2008	2007	2008	2007	2008
Land	879	879			879	879
Buildings	9,215	10,063			9,215	10,063
Equipment & Furniture	891	789	49	46	940	834
Total	10,985	11,731	49	46	11,034	11,776

Long-Term Debt

At year-end, the District had \$3,590,851 in general obligation bonds, sales tax revenue bonds, and other long-term debt outstanding. This represents a decrease from the previous fiscal year as can be seen in Figure A-8 below. More detailed information about the District's long-term liabilities is available in the notes to the financial statements.

Figure A-8
Outstanding Long-Term Debt (expressed in thousands)

	Total School District	
	2007	2008
General Obligation Bonds	1,055	780
Notes Payable	496	335
Revenue Bonds	1,690	1,475
Revenue Bonds – QZAB	0	1,000
Total	3,241	3,590

The District had total outstanding general obligation bonded indebtedness at June 30, 2008 of \$780,000 of an original \$2,500,000 bond issued March 2000. Additionally, the district's remaining debt of an original \$1,900,000 revenue bond issued on July 1, 2005 was \$1,475,000. On November 15, 2007, the district sold \$1,000,000 in Qualified Zone Academy revenue bonds to fund a geothermal system at the Wings Park Elementary School. The District has total outstanding revenue bonded indebtedness at June 30, 2008 of \$2,475,000.

As of June 30, 2008 the District did not exceed its legal debt margin.

Factors Bearing on the District's Future

At the time these financial statements were prepared and audited, the District was aware of the following existing circumstances that could significantly affect its financial health in the future:

- On September 9, 2008, District taxpayers approved a ten year Physical Plant and Equipment Levy in the counties of Fayette and Buchanan, not exceeding \$1.34 per one thousand of assessed valuation. This levy is a combination of property tax and 5% income surtax. Funds from the PPEL levy are used for physical plant and equipment purposes as per the board approved revenue purpose resolution.
- District enrollment in fiscal year 2008-2009 decreased by 24 students to 1,392 students in total budgeted enrollment. Under Iowa's school funding formula, District funding is highly dependant upon District enrollments.
- The District continually reevaluates future estimates of enrollment to determine the financial impact. The District spends approximately 80% of its General Fund expenditures on staffing. A class size committee has been formed to evaluate class size considerations. Salary and benefit settlements, with any employee group, exceeding the rate of growth of state funding will have an adverse impact upon the District's General Fund budget.
- The State of Iowa passed a statewide sales tax to replace the local option sales tax. The statewide sales tax will create funding equity for Districts and students in the State of Iowa.

Contacting the District's Financial Management

This financial report is designed to provide the District's citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability of the money it receives. If you have questions about this report or need additional financial information, contact Joan Loew, Business Manager, Oelwein Community School District, 307 Eighth Avenue S.E., Oelwein, IA 50662.

Reconciliation of the Statement of Revenues, Expenditures and
Changes in Fund Balances-Governmental Funds
to the Statement of Activities

Year ended June 30, 2008

Net change in fund balances-total governmental funds (page 23)

\$ 339,261

**Amounts reported for governmental activities in the
statement of activities are different because:**

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, those costs are not reported in the Statement of Activities and are allocated over their estimated useful lives as depreciation expense in the Statement of Activities. Capital outlay expenditures exceeded depreciation expense in the current year as follows:

Expenditures for capital assets	1,260,619	
Depreciation expense	<u>(514,962)</u>	745,657

Proceeds from issuing long-term liabilities provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Assets.

Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets. Current year issues exceeded repayments, as follows:

Issued	(1,000,000)	
Repaid	<u>650,112</u>	(349,888)

Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when due. In the Statement of Activities, interest expense is recognized as the interest accrues, regardless of when it is due.

Oelwein Community School District

Notes to Financial Statements

June 30, 2008

(1) Summary of Significant Accounting Policies

Oelwein Community School District is a political subdivision of the State of Iowa and operates public schools for children in grades kindergarten through twelve and special education pre-kindergarten. Additionally, the District either operates or sponsors various adult education programs. These courses include remedial education as well as vocational and recreational courses. The geographic area served include the Cities of Oelwein, Hazleton, and Stanley, Iowa, and agricultural territory in Fayette and Buchanan Counties. The District is governed by a Board of Education whose members are elected on a non-partisan basis.

The District's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, Oelwein Community School has included all funds, organizations, agencies, boards, commissions and authorities. The District has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the District. Oelwein Community School District has no component units that meet the Governmental Accounting Standards Board criteria.

Jointly Governed Organizations – The District participates in a jointly governed organization that provides services to the District but does not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The District is a member of the Fayette and Buchanan County Assessor's Conference Boards.

B. Basis of Presentation

Government-wide Financial Statements – The Statement of Net Assets and the Statement of Activities report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for service.

Oelwein Community School District

Notes to Financial Statements

June 30, 2008

B. Basis of Presentation (continued)

The Statement of Net Assets presents the District's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories:

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt attributable to the acquisition, construction, or improvement of those assets.

Restricted net assets result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets not meeting the definition of the two preceding categories. Unrestricted net assets often have constraints on resources imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest that are restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements - Separate financial statements are provided for governmental, proprietary, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as other nonmajor governmental funds.

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. All general tax revenues and other revenues that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, including instructional, support and other costs.

The Debt Service Fund is utilized to account for the payment of interest and principal on the District's general long-term debt.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities.

Oelwein Community School District

Notes to Financial Statements

June 30, 2008

B. Basis of Presentation (continued)

The District reports the following major proprietary fund:

The District's proprietary fund is the Enterprise, School Nutrition Fund. This fund is used to account for the food service operations of the District.

The District also reports fiduciary funds which focus on the net assets and changes in net assets. The District's fiduciary funds include the following:

The Private-Purpose Trust Fund is used to account for assets held by the District under trust agreements which require income earned to be used to benefit individuals through scholarship awards.

C. Measurement Focus and Basis of Accounting

The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the District.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments, and compensated absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues.

Oelwein Community School District

Notes to Financial Statements

June 30, 2008

C. Measurement Focus and Basis of Accounting (continued)

Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs, and then general revenues.

The proprietary fund of the District applies all applicable GASB pronouncements as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's Enterprise Fund is charges to customers for sales and services. Operating expenses for Enterprise Funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The District maintains its financial records on the cash basis. The financial statements of the District are prepared by making memorandum adjusting entries to the cash basis financial records.

D. Assets, Liabilities and fund Equity

The following accounting policies are followed in preparing the financial statements:

Cash, Pooled Investments and Cash Equivalents – The cash balances of most District funds are pooled and invested. Investments are stated at fair value except for the investment in the Iowa Schools Joint Investment Trust which is valued at amortized cost and non-negotiable certificates of deposit which are stated at cost.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, they have a maturity date no longer than three months.

Property Tax Receivable – Property tax in the governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date that the tax asking is certified by the Board of Education. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax

Oelwein Community School District

Notes to Financial Statements

June 30, 2008

D. Assets, Liabilities and fund Equity (continued)

Property Tax Receivable (continued)

receivable represents taxes certified by the Board of Education to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the District is required to certify its budget in April of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1 ½% per month penalty for delinquent payments; is based on January 1, 2006 assessed property valuations; is for the tax accrual period July 1, 2007 through June 30, 2008 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in April, 2007.

Due from Other Governments – Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories – Inventories are valued at cost using the first-in, first-out method for purchased items and government commodities. Inventories of proprietary funds are recorded as expenses when consumed rather than when purchased or received.

Capital Assets – Capital assets, which include property, furniture, and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide Statement of Net Assets. Capital assets are recorded at historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are defined by the District as assets with an initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

<u>Asset Class</u>	<u>Amount</u>
Land	\$ 2,500
Buildings	2,500
Improvement other than buildings	2,500
Furniture and equipment:	
School Nutrition Fund equipment	500
Other furniture and equipment	2,500

Oelwein Community School District

Notes to Financial Statements

June 30, 2008

D. Assets, Liabilities and fund Equity (continued)

Capital Assets (continued)

Capital Assets are depreciated using the straight line method of depreciation over the following estimated useful lives:

Asset Class	Estimated Useful Lives (In Years)
Buildings	50 Years
Improvements other than buildings	20-50 Years
Furniture and equipment	5-15 Years

Salaries and Benefits Payable – Payable and related expenditures for teachers with annual contracts corresponding to the current school year, which is payable in July and August, have been accrued as liabilities.

Deferred Revenue – Although certain revenues are measurable, they are not available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue in the governmental fund financial statements represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue consists of unspent grant proceeds as well as property tax receivables and other receivables not collected within sixty days after year end.

Deferred revenue on the Statement of Net Assets consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied.

Compensated Absences – District employees accumulate a limited amount of earned but unused vacation for subsequent use or for payment upon termination, death or retirement. A liability is recorded when incurred in the government-wide financial statements. A liability for these amounts is reported in governmental fund financial statements only for employees who have resigned or retired. The compensated absences liability has been computed based on rates of pay in effect at June 30, 2008. The compensated absences liability attributable to the governmental activities will be paid primarily by the General Fund.

Long-term obligations – In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the Statement of Net Assets.

Oelwein Community School District

Notes to Financial Statements

June 30, 2008

Fund Equity – In the governmental fund financial statements, reservations of fund balance are reported for amounts not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

Restricted Net Assets – In the government-wide Statement of Net Assets, net assets are reported as restricted when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislations.

E. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2008, disbursements did not exceed the amounts budgeted.

(2) Cash and Pooled Investments

The District's deposits in banks at June 30, 2008 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The District is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Education; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-ended management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

At June 30, 2008, the District had investments in the Iowa Schools Joint Investment Trust as follows:

	<u>Amortized Cost</u>
Diversified Portfolio	<u>\$23,917</u>

The investments are valued at an amortized cost pursuant to Rule 2a-7 under the Investment Company Act of 1940.

Credit Risk. The investments in the Iowa Schools Joint Investment Trust were both rated Aaa by Moody's Investors Service.

(3) Due From and Due to Other Funds

There were no interfund receivable or payable balances at June 30, 2008.

Oelwein Community School District

Notes to Financial Statements

June 30, 2008

(4) Interfund Transfers

The detail of interfund transfers for the year ended June 30, 2008 is as follows:

Transfer to	Transfer from	Amount
Debt Service	Physical Plant and Equipment Levy	\$ 59,449
Debt Service	General	124,050
Debt Service	Capital Projects	<u>596,961</u>
Total		<u>\$780,460</u>

Transfers generally move revenues from the fund statutorily required to collect the resources to the fund statutorily required to expend the resources.

(5) Iowa School Cash Anticipation Program (ISCAP)

The District participates in the Iowa Schools Cash Anticipation Program (ISCAP). ISCAP is a program of the Iowa Association of School Boards and is designed to provide funds to participating entities during periods of cash deficits. ISCAP is funded by a semiannual issuance of anticipatory warrants, which mature as noted below. The warrant sizing of each school corporation is based on a projection of cash flow needs during the semiannual period. ISCAP accounts are maintained for each participating entity, and monthly statements are provided regarding their cash balance, interest earnings, and amounts available for withdrawal for each outstanding series of warrants. Bankers Trust Co. NA, is the trustee for the program. A summary of the District's participation in ISCAP as of June 30, 2008 is as follows:

Series	Warrant Date	Final Warrant Maturity	Investment	Accrued Interest Receivable	Warrants Payable	Accrued Interest Payable
2008-2009A	6/27/2008	6/27/2009	-	-	-	-

The District pledges its state foundation aid payments and General Fund receipts as security for warrants issued. Repayments must be made when General Fund receipts are received. If a balance is outstanding on the last date the funds are available to be drawn, then the District must repay the outstanding withdrawal from its General Fund receipts. In addition, the District must make minimum warrant repayments on the 25th of each month immediately following the final date that the warrant proceeds may be used in an amount equal to 25% of the warrant amount. ISCAP advance activity in the General Fund for the year ended June 30, 2008 is as follows:

Oelwein Community School District

Notes payable	495,963	-	160,112	335,851	166,522
Total	\$3,240,963	1,000,000	650,112	3,590,851	765,646

Early Retirement

The District offers a voluntary early retirement plan to its employees. Eligible employees must have completed 20 years of continuous service to the District and must have attained the age of 55 as of August 1 of the year he/she plans to retire. Employees must complete an application which is required to be approved by the Board of Education. The early retirement incentive for each eligible employee consists of \$400 per month for 5 years or 60 payments toward the District health insurance plan of the employees choice and a one time cash award of \$1000. Early retirement benefits paid during the year ended June 30, 2008, totaled \$188,471. The cost of early retirement payments expected to be liquidated currently are recorded as a liability of the Special Revenue, Management Levy Fund. The benefits payable at June 30, 2008 is estimated to be \$152,532.

Oelwein Community School District

Notes to Financial Statements

June 30, 2008

(7) Long-Term Liabilities (continued)

GENERAL OBLIGATION SCHOOL BONDS

The Oelwein Community School District received proceeds of \$2,500,000 from the issue of general obligation bonds dated March 1, 2000. This bond issue is being used for the purpose of providing funds to build classroom additions at Oelwein High School and Parkside Elementary School. Details of the District's June 30, 2008 general obligation bonded indebtedness are as follows:

Year Ending June 30,	Interest Rates	Principal	Interest	Total
2009	5.20	290,000	40,990	330,990
2010	5.25	305,000	25,910	330,910
2011	5.35	185,000	9,898	194,898
Total		\$ 780,000	76,798	856,798

LOCAL OPTION SALES TAX REVENUE BONDS DATED JULY 1, 2005

The Oelwein Community School District received proceeds of \$1,900,000 from the issue of local option sales tax revenue bonds issued July 1, 2005.

Details of the District's June 30, 2008 local option sales and services tax revenue bonded indebtedness are as follows:

Year Ending June 30,	Interest Rates	Principal	Interest	Total
2009	3.15	225,000	46,379	271,379
2010	3.25	230,000	39,098	269,098
2011	3.35	240,000	31,340	271,340
2012	3.40	250,000	23,070	273,070
2013-2014	3.50-3.60	530,000	19,130	549,130
Total		\$1,475,000	159,017	1,634,017

The local option sales and services tax revenue bonds were issued for the purpose of defraying a portion of the cost of school infrastructure. The bonds are payable solely from the proceeds of the local option sales and services tax revenues received by the District. The bonds are not a general obligation of the District. However, the debt is subject to the constitutional debt limitation of the District.

The resolution providing for the issuance of the local option sales and services tax revenue bonds includes the following provisions:

Oelwein Community School District

Notes to Financial Statements

June 30, 2008

REVENUE BONDS PAYABLE (continued)

- a. \$190,000 of the proceeds from the issuance of the revenue bonds shall be deposited to the Reserve Account to be used solely for the purpose of paying principal and interest on the bonds if insufficient money is available in the Sinking Account. The balance of the proceeds shall be deposited to the Project Account
- b. All proceeds from the local option sales and services tax shall be placed in a Revenue Account.
- c. Monies in the Revenue Account shall be disbursed to make deposits into a Sinking Account to pay the principal and interest requirements of the revenue bonds for the fiscal year.
- d. Any monies remaining in the Revenue Account after the required transfer to the Sinking Account may be transferred to the Project Account to be used for any lawful purpose.

The District did comply with all of the provisions during the year ended June 30, 2008.

LOCAL OPTION SALES TAX REVENUE BONDS, SERIES 2007 (Qualified Zone Academy Bonds) dated November 15, 2007

The Oelwein Community School District received proceeds of \$1,000,000 from the issue of revenue bonds dated 11/15/2007. This bond issue is being used for the purpose of defraying the cost of school infrastructure. The entire bond issue matures 11/17/2017 and to provide for the payment of the bonds at maturity there is established with the paying agent an irrevocable trust fund for the benefit of bond holders to be known as the "School Infrastructure Local Option Sales and Services Tax Revenue Bond Escrow Fund" to be invested at 3.88%. Annually, on July first of each year commencing July 1, 2008, there shall be deposited into the sinking fund \$84,124.30 to be invested in accordance with the rules of the Investment Agreement. The Escrow Fund is pledged to the payment of the bonds at maturity.

NOTES PAYABLE – ENERGY MANAGEMENT IMPROVEMENT CAPITAL LOAN NOTE

The Oelwein Community School District received proceeds of \$850,000 from an Energy Management Improvement Capital Loan Note dated June 1, 2000. These note proceeds are being used for a geothermal project at the Oelwein Middle School. Details of the District's June 30, 2008 Energy Management Improvement Capital Loan Note indebtedness is as follows:

Year Ending June 30,	Interest Rates	Principal	Interest	Total
2009	5.65	110,000	12,770	122,770
2010	5.70	115,000	6,555	121,555
Total		\$225,000	19,325	244,325

Oelwein Community School District

Notes to Financial Statements

June 30, 2008

NOTES PAYABLE – MAYNARD SAVINGS BANK

The District entered into a loan agreement with Maynard Savings Bank on May 23, 2005 for \$275,000. This loan was used in the Physical Plant and Equipment Levy Fund for stadium renovation. The due date of this loan is May 15, 2010. The interest rate on this loan is 2.90%. The District will make semi-annual principal and interest payments of \$29,725 beginning November 15, 2005. Details of the District's June 30, 2008 indebtedness for this loan at Maynard Savings Bank is as follows:

Year Ending June 30,	Principal	Interest	Total
2009	56,522	2,824	59,346
2010	54,329	1,152	55,481
Total	<u>\$110,851</u>	<u>3,976</u>	<u>114,827</u>

Total Notes Payable:

Energy Management Improvement	
Capital Loan Note	\$225,000
Maynard Savings Bank	<u>110,851</u>
Total	<u>\$335,851</u>

(8) Pension and Retirement Benefits

The District contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Plan members are required to contribute 3.90% of their annual covered salary and the District is required to contribute 6.05% of annual covered payroll for the years ended June 30, 2008, 2007 and 2006. Contribution requirements are established by state statute. The District's contribution to IPERS for the years ended June 30, 2008, 2007, and 2006 were \$461,816, \$435,029, \$405,764, respectively, and were equal to the required contributions for each year.

Oelwein Community School District

Notes to Financial Statements

June 30, 2008

(9) Risk Management

Oelwein Community School District is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The District assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from the risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

(10) Area Education Agency

The District is required by the Code of Iowa to budget for its share of special education support, media and educational services provided through the area education agency. The District's actual amount for this purpose totaled \$512,133 for the year ended June 30, 2008 and is recorded in the General Fund by making a memorandum adjusting entry to the cash basis financial statements.

Oelwein Community School District

Notes to Required Supplementary Information — Budgetary Reporting

Year ended June 30, 2008

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standard Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds except Private Purpose Trust Fund. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on a GAAP basis.

Formal and legal budgetary control for the certified budget is based upon four major classes of expenditures known as functions, not by fund. These four functions are instruction, support services, non-instructional programs and other expenditures. Although the budget document presents function expenditures or expenses by fund, the legal level of control is at the aggregated functional level, not by fund. The Code of Iowa also provides District expenditures in the General Fund may not exceed the amount authorized by the school finance formula.

During the year ended June 30, 2008, disbursements did not exceed the amounts budgeted.

Independent Auditor's Report on Internal Control over
Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in
Accordance with Government Auditing Standards

To the Board of Education of
Oelwein Community School District:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Oelwein Community School District as of and for the year ended June 30, 2008, which collectively comprise the District's basic financial statements listed in the table of contents, and have issued our report thereon dated December 15, 2008. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Oelwein Community School District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of Oelwein Community School District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Oelwein Community School District's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. We noted no deficiencies in internal control over financial reporting that we consider to be significant deficiencies and other deficiencies we consider to be material weaknesses.

A control deficiency exists when the design or operation of the control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects Oelwein Community School District's ability to initiate, authorize, record, process, or report financial data reliably in accordance with U.S. generally accepted accounting principles such that there is more than a remote likelihood a misstatement of Oelwein Community School District's financial statements that is more than inconsequential will not be prevented or detected by Oelwein Community School District's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies that results in more than a remote likelihood a material misstatement of the financial statements will not be prevented or detected by Oelwein Community School District's internal control. Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also

considered to be material weaknesses. We noted no matters involving internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Oelwein Community School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards. However, we noted certain immaterial instances of non-compliance or other matters that are described in Part IV of the accompanying Schedule of Findings and Questioned Costs.

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2008 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the District. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Oelwein Community School District's responses to findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. While we have expressed our conclusions on the District's responses, we did not audit Oelwein Community School District's responses and, accordingly, we express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Oelwein Community School District and other parties to whom Oelwein Community School District may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Oelwein Community School District during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

Independent Auditor's Report on Compliance with Requirements Applicable
To Each Major Program and on Internal Control over Compliance
In Accordance with OMB Circular A-133

To the Board of Education of
Oelwein Community School District:

Compliance

We have audited the compliance of Oelwein Community School District with the types of compliance requirements described in U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2008. Oelwein Community School District's major federal programs are identified in Part I of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grant agreements applicable to each of its major federal programs is the responsibility of Oelwein Community School District's management. Our responsibility is to express an opinion on Oelwein Community School District's compliance based on our audit.

We have conducted our audit of compliance in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Oelwein Community School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Oelwein Community School District's compliance with those requirements.

In our opinion, Oelwein Community School District complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2008.

Internal Control Over Compliance

The management of Oelwein Community School District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grant agreements applicable to federal programs. In planning and performing our audit, we considered Oelwein Community School District's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Oelwein Community School District's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in the District's internal control that might be significant deficiencies or material weaknesses as defined below. We noted no deficiencies in internal control over compliance that we consider to be material weaknesses.

A control deficiency in the District's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the District's ability to administer a federal program such that there is more than a remote likelihood noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the District's internal control. We noted no deficiencies in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs that we consider to be material weaknesses.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the District's internal control. We noted no deficiencies in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs that we consider to be material weaknesses.

Oelwein Community School District's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. While we have expressed our conclusions on the District's responses, we did not audit Oelwein Community School District's responses and, accordingly, we express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Oelwein Community School District and other parties to whom Oelwein Community School District may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

OELWEIN COMMUNITY SCHOOL DISTRICT
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2008

Part I: Summary of the Independent Auditor's Results

- a) Unqualified opinions were issued on the financial statements.
- b) No significant deficiencies in internal control over financial reporting were disclosed by the audit of the financial statements.
- c) The audit did not disclose any noncompliance which is material to the financial statements.
- d) No significant deficiencies in internal control over major programs were disclosed by the audit of the financial statements.
- e) An unqualified opinion was issued on compliance with requirements applicable to each major program.
- f) The audit disclosed no audit findings, which were required to be reported in accordance with Office of Management and Budget Circular A-133, Section .510(a).
- g) Major programs were as follows:

CFDA #84.010 - Title I Grants to Local Educational Agencies
Clustered programs:
CFDA #10.553 School Breakfast Program
CFDA #10.555 National School Lunch Program
CFDA #10.574 Team Nutrition Grant
- h) The dollar threshold used to distinguish between Type A and Type B programs was \$300,000.
- i) Oelwein Community School District did qualify as a low-risk auditee.

Part II: Findings Related to the Financial Statements:

INSTANCES OF NONCOMPLIANCE:

No matters were noted.

REPORTABLE CONDITIONS:

No reportable conditions.

Part III: Findings and Questioned Costs for Federal Awards:

INSTANCES OF NONCOMPLIANCE:

No matters were noted.

REPORTABLE CONDITIONS:

No reportable conditions.

Part IV: Other Findings Related to Required Statutory Reporting:

- IV-A-08 Official Depositories - Official depositories have been approved by the District. The maximum deposit amounts approved were not exceeded during the year ended June 30, 2008.

OELWEIN COMMUNITY SCHOOL DISTRICT

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2008

Part IV: Other Findings Related to Required Statutory Reporting: (continued)

- IV-B-08 Questionable Expenditures – No expenditures we believe may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.
- IV-C-08 Travel Expense – No expenditures of District money for travel expenses of spouses of District officials or employees were noted. No travel advances to District officials or employees were noted.
- IV-D-08 Business Transactions – No business transactions between the District and District officials or employees were noted.
- IV-E-08 Bond Coverage – Surety bond coverage of District officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure that the coverage is adequate for current operations.
- IV-F-08 Board Minutes – No transactions requiring Board approval which had not been approved by the Board were noted.
- IV-G-08 Certified Enrollment – No variances in the basic enrollment data certified to the Department of Education were noted.
- IV-H-08 Deposits and Investments – No instances of non-compliance with the deposit and investment provisions of Chapter 12B and 12C of the Code of Iowa and the District's investment policy were noted.
- IV-I-08 Certified Annual Report – The Certified Annual Report was certified timely to the Iowa Department of Education.
